## In Memoriam

2016982

MISS MARTHA WHITACRE, after over fifty years of service as teacher, principal, and department head, retired during the summer of 1936. Only a few days later, Morton pupils and alumni were shocked to learn of her death.

A native of Wayne County, Miss Whitaere was graduated from the Richmond High School and received her B.A. and M.A. degrees from Earlham College. She began her teaching career in 1884 in the old Whitewater building, and since then taught in Starr, Garfield, Baxter, and Morton.

As a result of her wide interest in professional problems, she was at one time elected president of the Indiana State Teachers' Association.

Miss Whitaere, a brilliant woman and a most thorough and capable teacher of mathematics, will long remain in the memory of those Morton pupils who were fortunate enough to study under her direction.

CHARLES B. BECK, treasurer of the Richmond School Board since 1927, died on January 27, 1937 as a result of an automobile accident. Mr. Beck was a graduate of Indiana State Normal School, a former Richmond Postmaster, and served on the city's first Planning Board.

Mr. Beck's wise and broad-minded advice was of great service to the School City of Richmond. His absence will be felt keenly in the school organization.

MISS HARRIETT THOMPSON, teacher and principal in the Richmond schools for fifty years, died on January 10, 1937. She was a graduate of the local high school and of Earlham College.

At the time of her withdrawal from the school system in 1933, a resolution was made public by the Board of School Trustees commanding her exceptional record of service, her efficiency in teaching, her personal service, and her influence.

## Foreword

THE Pierian Staff this year has tried to publish, on the same old limited budget, a book that is somewhat new and different. Of course, in doing this, we have encountered new difficulties and new problems. Through all these troubles, our faculty advisers, Miss Finfrock and Mr. McNaughton, have helped us to find our way, and we sincerely hope that our labors have not been wasted. In other words, we, the staff of the 1937 Pierian, hope that this book will be one which you will be proud to keep as a reminder of your high school days.

## The First Pierian

MOST of us have taken the Pierian for granted. We may have heard about the year book before we came to Morton High, or maybe we did not hear about it until our freshman year when students at the second floor desk shouted to us as we passed, saying, "Pay for your Pierian now."

Our high school, from which most of the Richmond people have been graduated, has not always had a year book. It was not until the year 1909 that the juniors and seniors of the Richmond High School published the first year book, the Pierian.

In the editorial of the first Pierian, it was stated: "For many years, the student body of the Richmond High School has desired an annual school publication, but not until this year were our dreams realized. With the advent of a new principal, C. W. Knouff, came numerous ideas, among which was the annual." The book was dedicated to the new principal.

The Staff also expressed thanks to Mr. J. F. Thompson for his kindly assistance in the photographic work.

The individual pictures of the faculty, which included twenty teachers, came first. A history of the classes and the pictures of the forty-eight graduating seniors were next. The group pictures of the juniors, sophomores, and freshmen followed. There were summaries of the music, art, and athletic departments, and comments on the new high school building (the one we are now planning to abandon), and pictures to accompany each. There was a section devoted to the alumni, telling the whereabouts of graduates in the classes from 1870 to 1908. A few short stories and bits of humor concluded the first Pierian.

The following is an excerpt from the first annual, discussing the social life of the school in 1908-1909:

"The social life of Richmond High School in the past year has been greatly changed and several of the old customs have been eliminated, and several others added. For instance, the former Junior-Senior dance has been done away with. By far the most successful affair that ever was held at the school was the burlesque on the Fall Festival given last fall. All of the classes were represented and there were all sorts of amusements, from the 'Gypsy Camp' to the dramatic production put on by Ray Rogers and his band of Thespians. Among the features of the Festival were: 'The Chamber of Horrors,' 'The Gypsy Camp,' 'The X-Ray Exhibit,' 'The Famous Travels in Yellowstone Park,' 'The Cave of the Winds,' 'Fair Women of all Nations,' 'The Fortune Teller,' 'Baby Show,' and 'Fish Pond.'

"The Debating Club is another new organization in the school and an extremely profitable one to all who care for instructions in debating.

The club was originally suggested by Miss Tallant. The students debate on current topics."

Perhaps those who named the year book received their inspiration from the quotation from Alexander Pope:

"A little learning is a dangerous thing;  
    Drink deep, or taste not the Pierian spring."

The Pierian is a spring at the foot of Mt. Olympus in ancient Greece and the reputed birthplace of the nine Muses. It is a symbol of learning, particularly literature. The nine Muses each presided over a distinct realm: history, lyric poetry, religious poetry, astronomy, and epic poetry.

The following are a few stanzas from a poem written by Marguerite Rush, a member of the 1909 class, which refers to this ancient spring:

#### OUR PIERIAN

From heights undreamed of  
    In rapture bound,  
A fountain flowed  
    With gurgling sound.

Unknown, yet thought of  
    Through ages past,  
The source was found  
    In the '09 class.

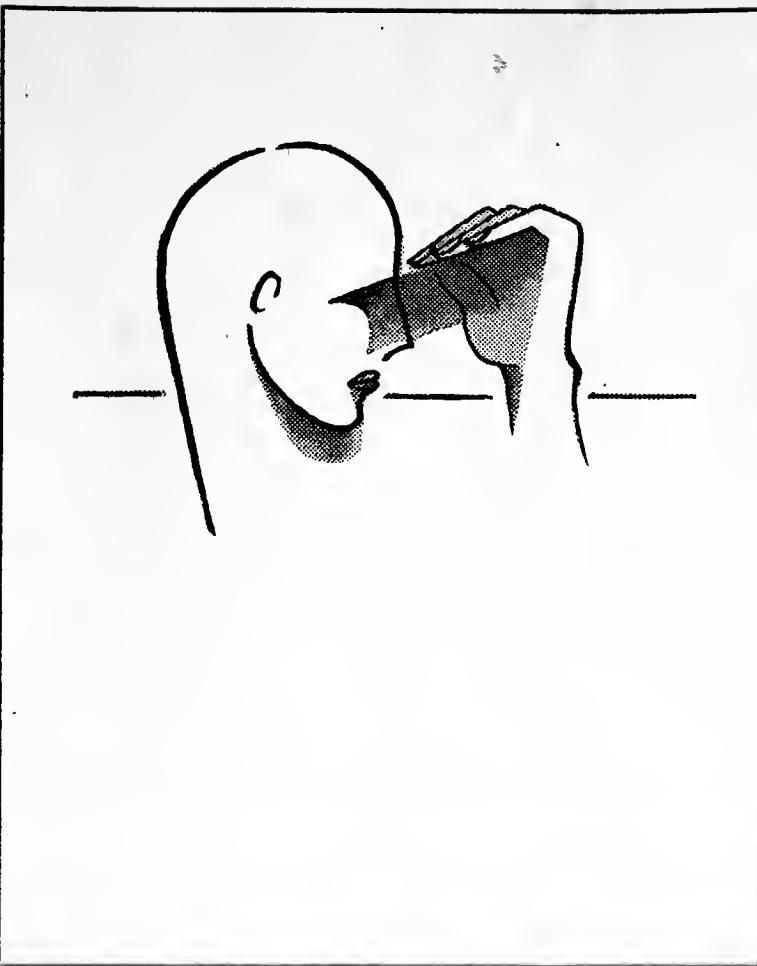

The staff which made the first Pierian possible follows:

Editor-in-chief .....	Hubert L. Wann, '09
Assistant Editor .....	Mildred Kuhn, '10
Associate Editors.....	Agnes Kelly, '09; Carlos Haas, '10; Edward Cox, '10; Elmira Kempston, '10; Marguerite Rush, '09; Abbie Shaefer, '09; Willard Kemper, '10; Clifford Plummer, '10; Mary Fisher, '09; Howard Hunt, '09; Blair Converse, '10; Vera Fleming, '10; Ruth Peltz, '09; Bernhardt Knollen- berg, '09.
Business Manager .....	Stonehill Keafes, '10
Assistant Business Managers .....	Lucille Townsend, '09; Robert Thornburgh, '09; Margaret Ferguson, '11; Grace Woodyard, '10; Benjamin Johnson, '12.

Although the early books had more pages than the last few editions, they had advertisements in them. We can no longer help finance our book with "ads," because the Merchants' Association has voted against advertising in any year book.

This year there will be more than six times as many graduating seniors' pictures as there were in the first book.

With the cooperation of the student body and the faculty, the Pierian has been a great success in past years. May it long be a book which the members of every class will hold dear because of cherished memories.

## Senior Play

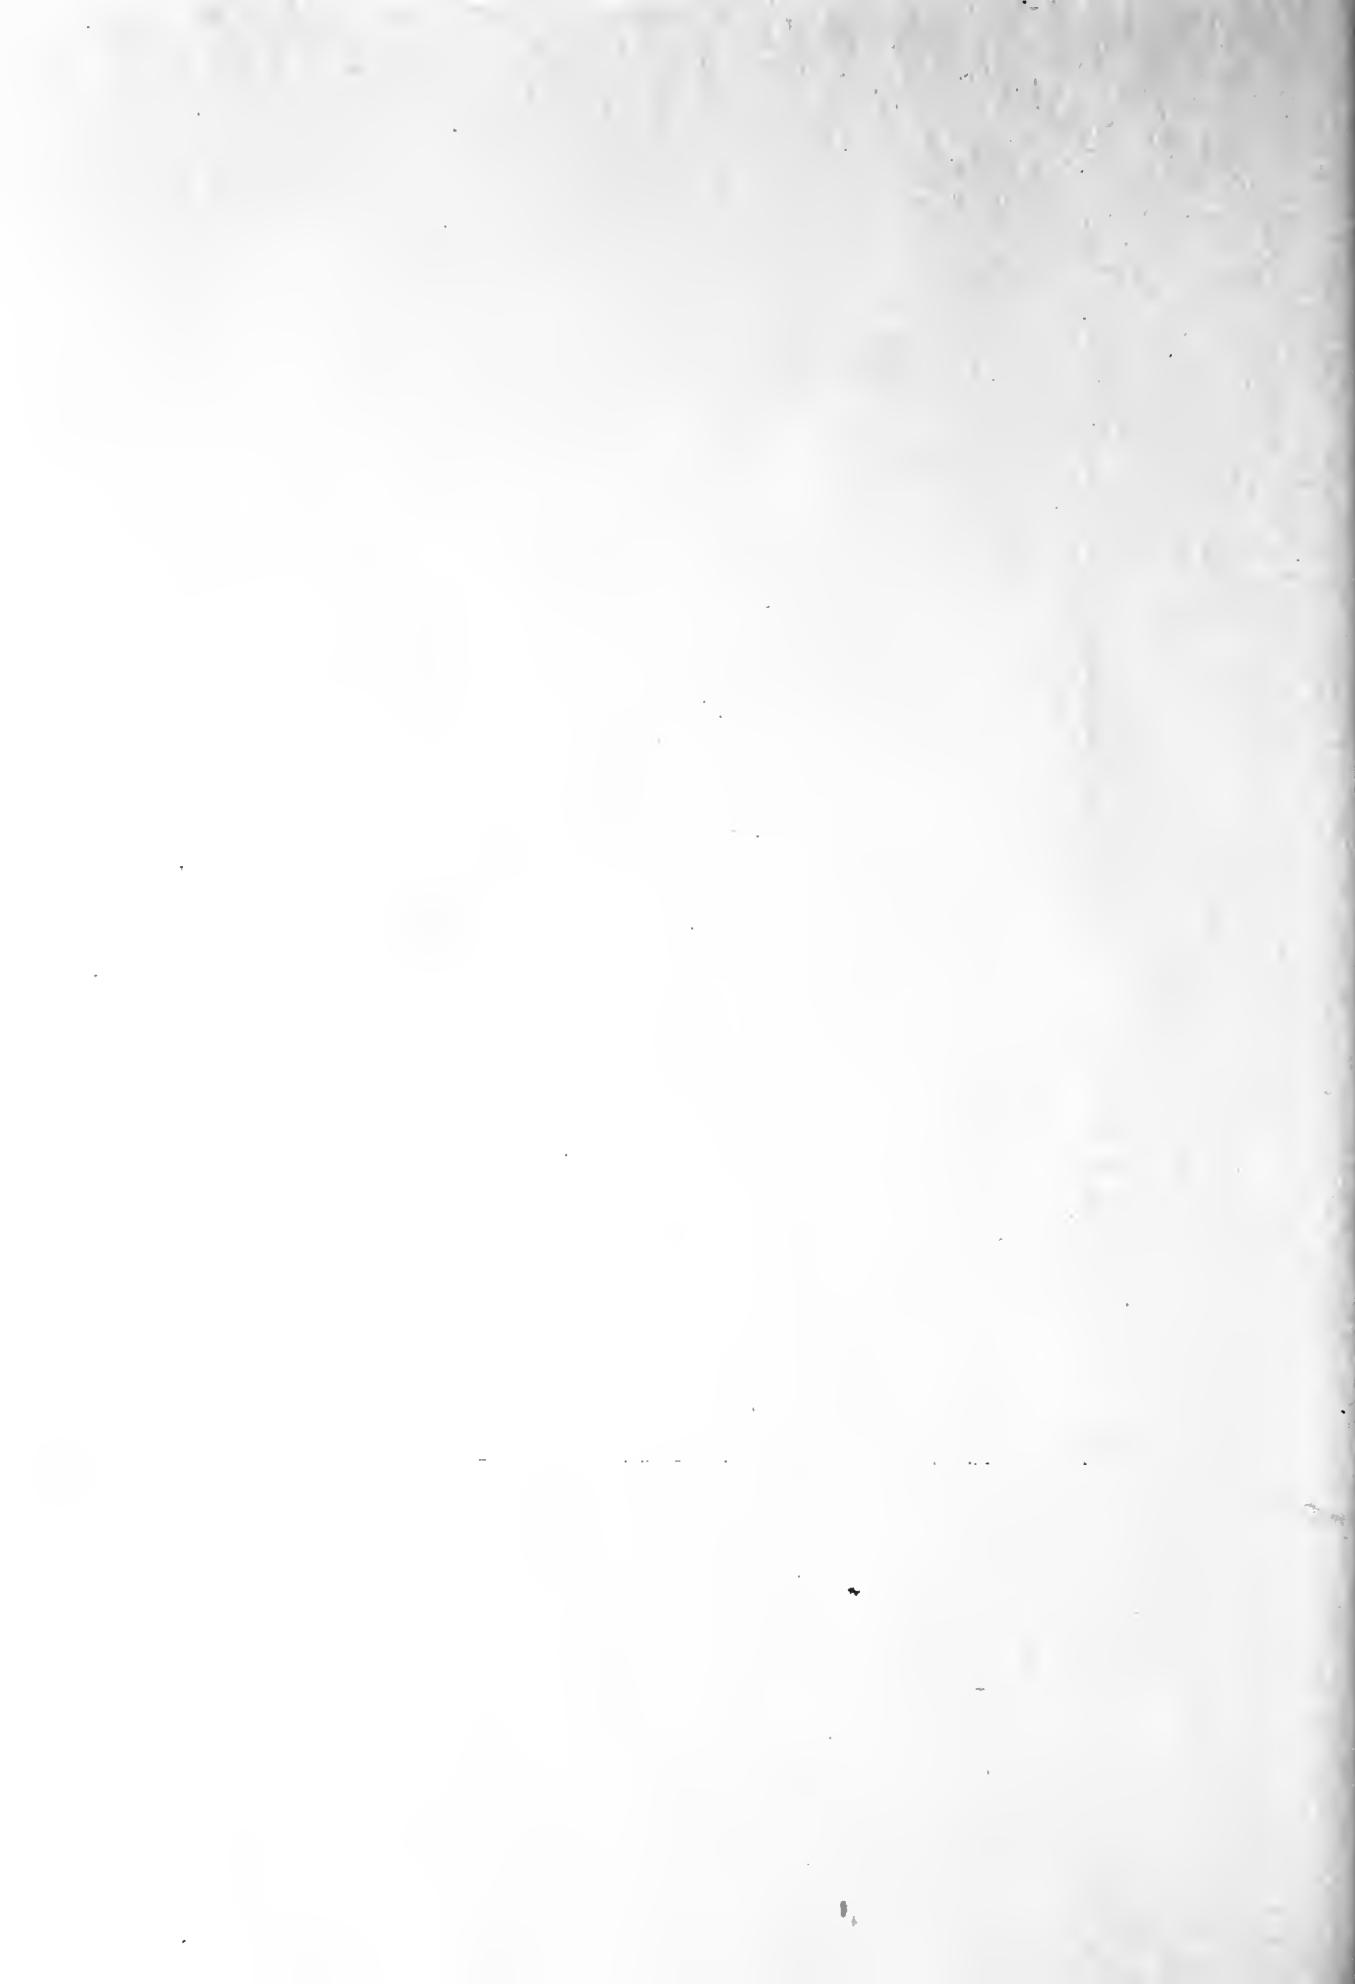

LADY OF LETTERS by Turner Bullock is a three-act comedy. It takes place in a small college town and is concerned with the young wife of a professor who is rather patronized by everybody, including members of her own family and other members of the college community. She so desires to be "somebody" that she buys a book from a young author and has it published under her own name. This creates great excitement in the college, and for some time she is honored by receptions and teas of various kinds. The publishing company asks for another book, but the climax of the play comes when it is discovered that she was not the real author. Few people, however, discover this fact, and her family make her promise not to try another escapade of that sort. They realize that it is their own fault and resolve to treat her more kindly in the future.

## Basketball

THIS year's basketball team was one of the fastest and cleverest quintets ever to represent Morton on the hardwood. The team was composed mostly of experienced players, four of whom were lettermen last year.

Morton will long remember this season, for it marks the first time a Red Devil combination has been able to secure a berth in the first division of the North Central Conference. When the season ended, the Devils found themselves with the admirable record of seven wins and only two losses in the Conference.

In the Sectional, Morton was favored to regain the crown, and justified this selection by defeating Boston and Fountain City easily. In the final, Centerville gave the team a scare in the first half, but the team regained its stride to win 36-25. In the Regional, Morton failed to start clicking and lost to New Castle in the opening game, 17-16.

## Next Year's Prospects

The prospects for next year's team seem rather promising. Eddie DeFederico and Harold Johnson, lettermen, will be back, as will Feeger and Logan, who played with the team during the final weeks of the season. Several fine players who were outstanding on this year's second team will complete the squad.

## Highlights of the Season

Winning the first two games from Liberty and Union City by the same score, 26-21. — That awful feeling when the gun went off with Morton trailing Greensburg by only one point. — The Red Devils coming from behind to down those fast Jefferson Broncos, 24-21, in the first Conference game. — Going up to Muncie to see that fighting Devil team beat our old rivals 27-15. — The "morning after" feeling caused by the defeat by Winchester. — Recovering, to outplay New Castle to the tune of 29-18. — Losing to our old "friends," the Connersville Trojans, 31-29, oh my! — The swell overtime victory over the Tech team on New Year's Day. — Hitting unexpected strength in Anderson, and finally succumbing 38-31. — Edging out Marion, 23-22, while we all listened in to "Honey Boy" Farmer. — The fall of our old county rival, Hagerstown, 28-22. — Our very first victory over Logansport, 30-23, and did the team really look like champs! — Whipping Kokomo, 27-17. — Another surprise in Rushville, turning us back, 30-23. — The team fighting valiantly, but losing to a great Frankfort team. — Taking out their spite on Greenfield, 54-35. — Winning a well-played game from New Albany, 36-32. — Leading the strong Ft. Wayne team until a last quarter rush by the Tigers cinched the game, 36-28. — Again losing a heart-breaking game at Connersville, 24-20. — How the crowd yelled when they learned of Rossville's victory over Frankfort at the Sectional. — Intense rivalry with Centerville. — Crying over upset of our boys in the regional, with Davidson sick after the game.

## Football

THE 1936 Morton High School football team was composed almost entirely of experienced players. They showed a very good spirit, and cleverness in play throughout the season. However, the team was pursued by old man injury, and at no time during the season was Coach Tiernan able to start a regular line-up.

Although he served in the capacity of assistant coach last season, this was Mr. Tiernan's first year as coach of the team.

## Baseball

MORTON'S 1937 baseball team was able to start the season undefeated and showed promise of continuing its "winning ways." Although this season's schedule did not feature so many games as last year's, Coach Sponsler challenged any team in Indiana or Ohio. They competed in the North Central Conference Tourney which was held in Richmond. Morton, Lafayette, Munroe, Anderson, and Tech entered the meet.

The team included George Bradfield, Willis Clark, Eddie DiFederico, Noble Allman, Bob Rollf, Bob Davidson, Alexander Green, Dale Green, and Joe Clark. Several of these boys were playing their first season for Morton, and the outlook for next year's team looks bright.

McClure is the only letterman back from last year's team, which missed the Indiana State High School Golf Championship by only one stroke. This year the team is again very strong and is sure to be a contender for state honors.

This is Dick Tiernan's first year as coach of the track team, and his charges expect a very successful season.

## Quill

THE Morton Quill published its second magazine in April. The members of this organization had been writing and preparing material for this edition for three years. It contained a number of stories, poems, and essays, and was very well done. Those on the staff, the faculty sponsor, and the other members of the club who contributed to "The Quill" are to be congratulated on their work. Approximately three hundred copies of the magazine were sold.
